Scripture

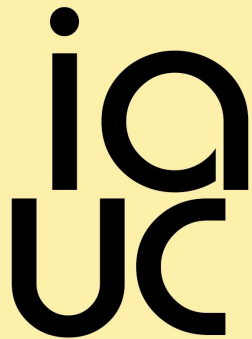

The IAUC Deliverance Infrastructure fully embodies the Scripture, (Christ has redeemed us from the curse of the law, having become a curse for us (for it is written, “Cursed *is* everyone who hangs on a tree”)
- **Galatians 3:3**

Problems We're Trying to Solve

Churches are bleeding and losing people to the wrong deliverance theology

- Many Churches talking about deliverance do not have sufficient technical information about deliverance; hence unprepared to minister effectively; and the people are lacking tangible evidence of deliverance, thereby faint in the faith
- There's a wide knowledge gap in the current deliverance practices vs the Deliverance Infrastructure
- Sustained Deliverance Within a Solid Deliverance Infrastructure
- Learn how the IAUC Deliverance Infrastructure Helps Your Church Transition into the Powerful Deliverance age

Why Are People Staying Home and Online for Church?

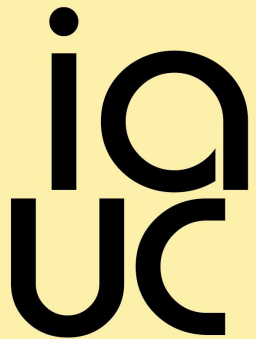

Despite decline in church attendance IAUC Institute's deliverance rooms are filled with GenZ, families, and individuals who couldn't find deliverance at their local church;

After experience in our Deliverance experiences; local members seek recurring deliverance experiences;

To solve this problem;

IAUC Institute is an education provider, is now partnering with local churches; to help integrate the new Deliverance Infrastructure to save the church

Digital Ministries Are Springing Up Every Day

Everyday, thousands of Church members step out of their local church to seek deliverance from different sources, looking for help

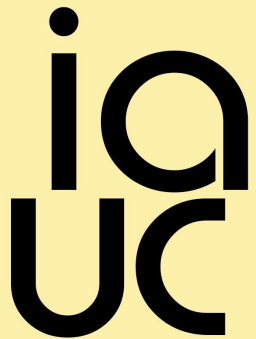

But what could you do to bring the tangible power of God, to usher your people into deliverance?

Digital Ministries Are Spring Up EveryDay

Everyday, digital ministries are springing up, causing people to sit at home and do church from home;

But what if you knew that an IAUC Research found that people are willing to go to physical locations, if those locations offered the people real Deliverance experiences?

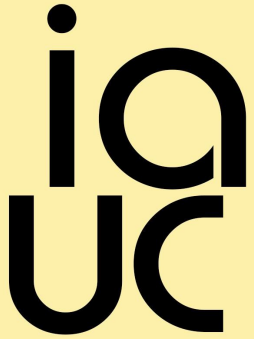

Digital Ministries Are Spring Up EveryDay

Church members, who go from place to place seeking deliverance have unique deliverance needs; and mostly the Church is not equipped to handle those needs effectively. Congregants gets sucked into deception from false teachers and doctrines.

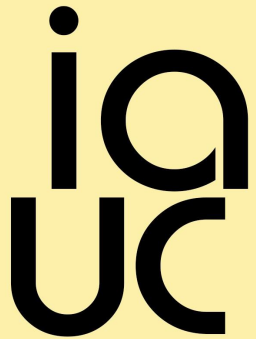

At IAUC, our mission for churches is simple; help usher in churches to the new church age; where local bodies are equipped for growth through IAUC Deliverance Infrastructure.

Church Members Are Sourcing for Deliverance Outside of Churches

- Visitation to Psychics
- Visitation to ungodly sources
- Confusion and lack of growth
- Further entanglement when deliverance is sought outside of God's biblical methods of deliverance

Church Members Are Coming Directly to IAUC Institute to Source for Deliverance

But What If Church Members

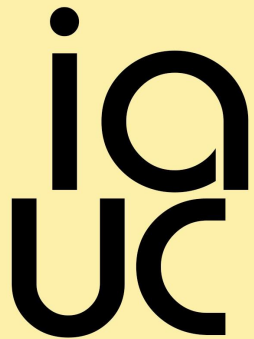

... can find deliverance at their local churches?

... what if deliverance is found right at home?

Also Church Members Are Coming Directly to IAUC Institute to Source for Deliverance

**Church Members Know When their Church Says There's Deliverance But
They Are Not Encountering Real Deliverance
... they will continue to shop around seeking deliverance**

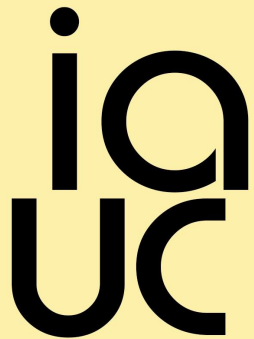

But What If

**Church Members Know When their Church Says Deliverance But
They Are Not Encountering Real Deliverance**

... they will continue to shop around seeking deliverance

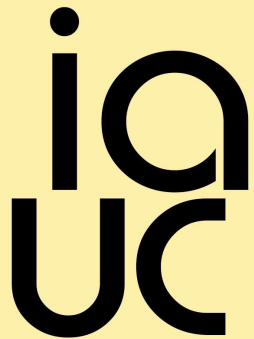

Church Members can tell when their pastors are avoiding the subject of deliverance, because
they're finding other relevant information elsewhere
